

Instruction for use of parts catalogue

- This parts catalogue was prepared based on the latest information available as of March 10, 1999.
- See the parts catalogue news for any revision that is made after March 10, 1999.
- Always specify the part number when ordering a part.
- Check the model, type, serial numbers, color, maker, and the size as needed before ordering a part.
- Note that the illustrations (part drawings) can differ from the actual parts in shape. They are given just to help you to refer to the parts.
- When modifications or additions to this parts catalogue are made, a revised edition will be issued at an appropriate time, with successively progressing revision numbers on the cover. We recommend obtaining such revisions in order to keep your parts catalogue up-to-date at all times. To check whether a parts catalogue revision has been issued, please contact your HONDA distributor.

CONTENTS

	Address No.
• How to refer to the part information	B 3 1
• Part catalogue structure	B 4
• When the parts were revised	B 5
